

ESPA

Data Analysis internship (OPEMI0110)

[Apply here](#)

Start date

Flexible within the next three months

Duration

6 months

Languages

Good spoken and written English levels are required (B2 onwards)

Location

Swindon, England

Swindon, now a large city, has its origin as a small market town known as the Old Town which is the cultural heart of Swindon. With its quiet courtyards and alleyways, you'll find restaurants and bars, live music and independent shops. The modern part of Swindon also enjoys eateries, bars and pubs and is a shopping oasis with a Designer Outlet village.

Swindon has a buzzing arts and music scene with many events taking place throughout the year at venues such as the Wyvern Theatre, Arts Centre and Swindon Museum and Art Gallery.

With its well-supported choice of sport clubs and attractions, there are lots of things to see and do Swindon.

Are you eligible?

Are you a registered student?

Are you eligible to participate in the Erasmus+ programme?

Benefits

See website for details of all ESPA benefits. For all internships over 6 months, additional benefits will be paid. Details available at interview.

Role

This is a great opportunity for an enthusiastic Data Analyst with a strong interest in financial services to gain an invaluable experience within one of the UK's largest financial advice networks. Mentored throughout, you will work to provide the company with access to data required for performance assessment and the ability to make educated business decisions, as well as reporting trends and performance data to gauge progress and manage issues arising. Working for one of the largest financial players, this will be a great experience for both personal and professional development and a great addition to your CV.

Tasks

- Understanding customers' needs and identify business analysis trends
- Analysing and manipulating large data sets
- Providing management information analysis to customers
- Preparation of MI reporting packs with key metrics using Excel, VBA, and SQL.
- Supporting teams/departments with their reporting requirements.

Personal Skills

- Background in business or data analysis.
- Strong Excel, VBA and SQL skills required.
- Power Bi a bonus but not essential.
- Numerate, investigative and with an interest in financial products and services.
- Experience of a customer focused, process and data driven environment.
- Good eye for detail; able to work in a timely, accurate manner and team player.

The Host Company

The host company was established in 2005 and is one of the largest financial advice businesses in the UK, with a strong shareholder base and a professional community of more than 3,600 financial advisers. Generating more than £200 million in revenue employees they are keen to build on their success and looking for ambitious individuals to join them.
